

EDUCATION*Diploma of IT Networking***2020** SOUTH METRO TAFE*Computer Systems Technology & Information Technology (Dual Cert IV)***2019** SOUTH METRO TAFE*Neuroscience & Science communication (BSc)***2014 – 2018** UNIVERSITY OF WESTERN AUSTRALIA**EXPERIENCE****MARCH 2018 – MAY 2018****COMMUNICATIONS INTERN, SPINALWA**

I made several promotional materials for the organization, including a booklet of useful groups to know for spinal cord injury patients. This meant creating and editing other's work. I worked with the board comprised of directors of SpinalWA organizations, ensuring to provide a product that was agreeable for all stakeholders.

AUGUST 2018 – OCT 2018**TUTOR, ENGINEERING FOR KIDS AUSTRALIA**

I taught an after-school course for children learning coding. We programmed a basic game together over the course of a few months. They learned basic logic (IF/THEN statements) and basic game components (sprites, hit boxes, etc.)

2014 – PRESENT**LIGHTING TECHNICIAN, KINGDOMCITY**

I volunteer at my local church (Kingdomcity) and work on the Production Team as Lighting Technician. It routinely involves managing time well and working in a team effectively. If any problem arises, I have to deal with it, in a high pressure and time sensitive situation, with many people depending on me to come through with a solution.

SKILLS

- Cloud technology (ESXi & vCenter)
- Planning Complex Networks
- Configuring and troubleshooting network hardware and software
- Layer 2 & 3 Networking
- Website Design - HTML/CSS, Bootstrap, JavaScript
- Authentication & Encryption (pfSense & Fortinet)
- Active Directory management
- Configuring virtual machines (VMWare & Hyper-V)
- Maintaining scripts – C#
- Writing technical documentation

PROJECTS

- Built a network – Used switches and routers to configure a small business network, both on Packet Tracer and physically.
- Managed Servers – Used Windows Server 2016 to manage a Domain Controller and File Server
- Created websites - Made my own website, as well as a fan website for the game Path of Exile
- Designed pamphlets - Created some pamphlets for spinal cord injury patients, to help them find resources
